- 1. Input the company ID, your username, and password and press "Sign in." Hint: If you press the option "Remember me," you won't have to fill in the information every time you log in to the app.
- 2. Once you're logged in, press "Start Shift."
- 3. Choose your vehicle and press "Start Shift" again at the bottom of the screen.
- 4. You're now ready to start receiving jobs.

B. Driver App Overview

Current: See the incoming jobs

Taximeter: In-app taximeter (not mandatory, and does not replace your taximeter)
Queue: Position of your vehicle in the zone queue (if your company uses zones)
Offers: Jobs that are broadcasted to many vehicles will be displayed here
Map: GPS tracking with information about the pick-up and drop-off of the job
Dispatch: Option to dispatch from the Driver App (you need special permission)
Chat: Send both written messages and/or recorded messages

Available: Your vehicle is available and ready to receive jobsBusy: Press this option when you've been hailed from the streetAway: You can set yourself to unavailable for a certain period of time (if you go for lunch or need to step out of the vehicle for whatever reason)

C. Receiving a Job

You can see all the information about the incoming job before you accept or decline it.

- Time left before the job gets assigned to another driver
- Source of the job or who sent the job (in this case, the dispatcher). It can be by app, web, IVR, etc
- Distance and time of the job (estimation)
- Pick-up and drop-off of the job
- Passenger details, including first and last name and phone number (if provided)
- Accept or decline the job

C. Accepting a Job

When you accept a job, the app will display all the information about the booking, including pick-up, drop-off, name of the passenger, phone number (if available), and tariff (pricing). You will simply press the button at the bottom to update your current status in the job.

Callout: You just accepted a job and are on your way to pick up the passenger.

Wait: Press this option when you arrive at the pick-up address and are waiting for the passenger to get on board.

POB (Passenger On Board): Press POB when the passenger gets in the vehicle and you are on your way to the drop-off point.

Delivered: Once you have arrived at the destination, press this option and proceed with the payment.

Cancel Job: If the job gets canceled for whatever reason, choose this option and specify the reason.

Important: Both in Pick-up and Drop-off, there is a white arrow that pops up. If you press it, the app will automatically launch a GPS tracking system that will show you the way to get there by step-by-step navigation.
